CELALEDDIN MERT ERASLAN

Ulm, Germany | info@ay-tea.de | github.com/ayteahq | linkedin.com/in/celaleddin-mert-eraslan | ay-tea.de

PROFESSIONAL SUMMARY

Computer Science student at Ulm University (5th semester; expected graduation summer 2027) with hands-on experience in software engineering, networked client applications, automated testing, and privacy/threat-modeling concepts. Founder of AY-TEA, a small IT sole proprietorship (Kleingewerbe) offering web development, automation, and digital solutions. Interested in software engineering, cybersecurity, privacy engineering, and reliable systems — seeking internship or student roles in technology and defense-adjacent software teams.

EDUCATION

Universität Ulm (Ulm University) — Bachelor of Science, Computer Science (Informatik)

Ulm, Germany | Started 2024 | 5th semester | Expected graduation: Summer 2027

- Relevant coursework: Software Engineering, Databases & Information Systems, Algorithms & Data Structures, Computer Networks, Theoretical Computer Science, Object-Oriented Programming, Automated Testing, Software Architecture.

TECHNICAL SKILLS

Programming & tools: Java (OOP, university projects); C#; Haskell; Python (IT security coursework); SQL (relational databases); Linux (university lab work); VHDL (lab); GDScript / Godot 4.6.1; MATLAB (numerical methods coursework); HTML/CSS; Git & GitHub; Google Sheets / Excel automation & templates; WebSocket networking & JSON message handling; automated testing (team project context); n8n workflow automation (public demo).

Domains of interest: Software Engineering, Cybersecurity, Privacy Engineering, Software Quality, Networking, Automation, AI.

SELECTED ACADEMIC PROJECTS

PAC / Softwareprojekt — "Pomomon Arena" (University Team Project)

Godot 4.6.1 / GDScript | Client application | Team project (voted best editor / "bestes Editor")

- University software engineering team project covering client–server communication, WebSocket networking, JSON message handling, application state/phase management, reconnection handling, timers & synchronization, automated testing, reliability and maintainability.
- **My contributions:** Took over the Editor — especially the network controller (client–server connection) — and the game part.
- **Team results** (not individual): 352 passing automated tests; ~87% test coverage.

IT Security & Privacy Seminar (ongoing) — Threat Modeling & Privacy Frameworks in the Mobility Domain

Academic seminar (in progress; not a completed research project)

- Studying STRIDE, LINDDUN, security vs. privacy, threat identification, privacy risks in mobility systems (location tracking, linkability/identifiability), and privacy-by-design concepts.

Applied Numerical Methods in MATLAB (coursework)

Course implementations focused on numerical algorithms

- Topics studied: Householder QR, LU decomposition, least squares, numerical algorithms, interpolation.

PROFESSIONAL EXPERIENCE

AY-TEA — Founder / Sole Proprietor (IT Kleingewerbe)

Ulm, Germany | July 2026 – Present

- Small sole proprietorship for software & web development, IT services, automation, and digital solutions.
- Built and published company website (ay-tea.de; static site; github.com/ayteahq/ay-tea-website).
- Public demo: google-review-automation (n8n workflow — review → AI draft reply → email for human approval).
- Digital products: 6 spreadsheet/printable templates on Etsy & Gumroad; Fiverr service for Excel/Google Sheets templates.

LEGOLAND Deutschland — Student Worker (Part-time)

Germany | Since 2021 | Annual ~70-day student contract

- Ticket and annual pass (Jahreskarten) sales, customer service, and visitor communication in a high-volume environment.

Freelance Interpreter (Turkish–German) — BAMF-related assignments

Germany | Freiberuflicher Dolmetscher | Since 2024

- Freelance Turkish–German interpreting in BAMF-related contexts.

SHS — Security Staff (Event Security)

Security company | Event security (e.g. football matches) | §34a | Since 09/2026

- Security staff at events such as football matches; holds §34a security guard qualification.
